This is long overdue :). Let's organize a community funwar! :nod: :gdi:

Game mode: classic AOW, so Renegade C&C mode without modifications

Max players: 12v12

Date: 28th of april

Time: 9 PM Euro time, check your time zone here: <https://notime.zone/NuPAHIB4av1xC>

Discord: you will need to join discord to play, if you don't have a microphone then this is not a problem but you need to at least listen in. We will use the Rencorner discord. Join it here:

<https://discord.gg/rencorner>

Server: normally we'll be using the ReneWars server (to be confirmed)

Please sign up for this game in this topic or by sending me a PM on discord, as spots will be limited to max 24 players. People who signed up will get priority if we end up having too many players online. If there are less players online then we'll play a smaller game.

I'll try to make teams as even as possible.

Maps: this is the list I propose, but tell us if you do not like some of these maps!

- Islands
- Bio
- Field3_A
- Complex
- Mesa (optional)

Players:

Gozy

XD_ERROR_XD

Iranian

Hypnos

Starbuzz

NFhavoc

Veyrdite

Crushu06

Korbah

Vmann

DrDanthrax

Yosh56

SwqTragedy

Bump. You can still sign up!

We will be using the rencorner discord. Link is in the opening post. And we will be using the renewars server.

We had 6v6! Hurray :). I'm very happy on how this turned out, for a 1st time event. We played all maps at least once, we had 12 players and a couple spectating. We now know how to get in the server and discord :).

We ended up wins / losses 5v1 so maybe the teams weer not 100 % even but some maps were really close.

We will do it again! Thanks to all who played!

Ditto, was a lot of fun :) Thankyou for organising.

It was unbalanced because I carried my team using my low-points power strats. Chat was very effective -- how did the other team do? Did spectators see anything interesting?

It would be nice if the minelimit was known, I think we lost a PP that I mined on Volcano (mlimit was 30?). Not sure, might have been vehs.

Infantry gunplay felt very different to Rencorner. Lag felt much lower despite me still being in Australia and having similar ping, perhaps the SFPS was better? Also I was able to go head-on-head as a soldier vs ramjet and actually do OK, instead of being instantly annihilated.

All was standard. So yes 30 mine limit. I realise some players never played standard renegade or it was a very long time ago so might be confusing.
