If you wanna make fun of someone with no chin that would be bigejoe14 a 350 pound of lard ass as for this i shouldnt be able to post that message.. and the reason why we need more moderators or just for the moderators to actually do something is because there are constant flame wars over which one is better. All of our moderators rarely post excluding warranto but he doesnt moderate anything. I would never think of saying this in my life but I think Ack was the best moderator this fourm ever had because he actually did stuff, altho he would still be biased most likly when there were post about reborn but at least something was getting done back topics were getting locked. Vulgar posts where removed. Done.
