SuperFlyingEngiNodbugger, you don't actually ever listen to or watch foreign news, do you?

No, I was right about FOX.

And how would Canada become evil if it is invaded by Turkey?

Yes, I get British, German, Vietnamese, and Japanese news stations at my house. They are all dubbed over in English.

You are wrong about FOX.

And I meant 'Lets see how evil we are when Canada gets invaded by turkey'

It is a joke. I was watching a comedy show one day and a guy was talking about Canada. I believe the joke went.

'What if Canada invaded some other country...like turkey. Look at that military strategy, lying dormant for 275 years. They show up in Turkey one day 'WERE TAKIN IT Fuckers, and we are renaming it CHICKEN!'
