I don't care what you say you'll do, I care about what you show... After all, Reborn said they'd release a perfect bug-free 1.0 version... And said they'd never release a public beta, but you go ahead and do it anyway.

I can't trust you then, don't trust you now, so I expect you to post what you do instead of play the "If my ass isn't kissed I'll just go back to teh reb4rn forum" game.
