Whats so hard to understand that Germany DOES NOT BASE OF MARXS IDEAS?
In fact these 'welfare things' where 'invented' by Bismark, and he was a member of the Monarchist party... they don't like Marx and Communist. :rolleyes:

Reasons why Germany (and other European countrys) are NOT basing on Marks ideas:

- We don't have a 2 layer community like marks stated.
- Our companys are not controlled by the government
- We don't try to be autak (thats whyt the Soviet Unin tried, that wahts the DDR tried, thats what China DID untill some years [these are country's slightly based on Marx Theroie])

Can you count up some arguments WHY Germany (and other European country's) are based on marx ideas?
