Quote:MSN is for a single member of each team to set rules, times, maps, and etc together

Which is called setting up the game. Then this little gamespy fella can go make his post in his forum so his lovely clanmates know when to play.

And I hate to break it to you, but no "clan games" on gamespy "matter" anyway, so, technically, they're all FUN WARS. If you're one of those guys that takes losses personally, then I donno what to tell you.
