icedog90EXdeath7What I believe; I think it was staged , the player always knew where the enemy was. He would bust around the corner already shooting.

That could be a possibility, but the assumption of cheating is just totally ridiculous.

Yeah , Saying they were cheating is redicilous.

I'm more saying they just grabbed all the good video parts of them getting lucky and getting most of the players with headshots. Of course I'm sure they wouldn't post them of the plater missing every shot lol.

It kind of defeats the point of making the video in the first place.

I would like to see a full video of one of them playing a game. A good 6-7 matches. I'm positive they aren't as good as the video makes them out to be.

\*Me mutters n' rants to himself then resides to playing dragon ball z: Budokai 3 , New video card tommorrow! Wewt!\*
