dark_wolf_from_helli need a mod that helps gdi and nod like ally coms are something like that
My translation:

"i need a mod that helps" = I need a mod that helps
"gdi and nod like ally coms" = GDI and Nod ally with the computer
"are something like that" = or something like that.

Combined: I need a mod that lets GDI and Nod ally with the computer or something like that.
