Not quite kid.

Your president gets his LEGAL international authority from the U.N., not from your congress. The soldiers do as they are told, like good men and women. If their president orders them to do something illegal on the international field, they will still do it because it is an order. Stop trying to pin me against the Coalition soldiers when the problem is far from them and solely on the Coalition leaders.

As for the money you owe, you're wrong again. The money for operations and foreign aid does not cover your membership fees. Just like it doesn't for Canada, or England, or France. Pay up.
