LurkerXBlazerLOL...but \*as I said\*, they both had similar attitudes. Just because WSE had several people banded together, doesn't make their creed any different.

I can't believe you signed up on these forums just to threaten me for mentioning the holy name of WSE. Really, really...sad.

I didn't have a fucking problem with you or n00bstories or crimson or anybody untill you mentioned WSE, I was my own person in a good spirit

holy shit, you were your own person? You mean like, you weren't someone else? Are you still for sale?
