DoitleHow can you guys all abandon yourselves so readily? Gbull, I know you as the guy with all the crazy {}[[[]0- in his name, and hydra? What are you without your numbers? I tell you this is just the nail in the coffin on our mocha septuple vente french wine drinking plastic surgery getting society.

Please just kill us already hostile space aliens.

Totally agree with you. I prefer to remain as icedog90 because that's who I'm known as and that's my real official internet alias.
