AircraftkillerIt's not my fault you live in the bizarro world where wrong is right, and right is wrong!

slang    P    Pronunciation Key (slng)

n.

A kind of language occurring chiefly in casual and playful speech, made up typically of short-lived coinages and figures of speech that are deliberately used in place of standard terms for added raciness, humor, irreverence, or other effect.

Language peculiar to a group; argot or jargon: thieves' slang.

'Skin' is slang for 'Texture'.
