---

i smoke pot

i doubt any one would waste 20 seconds of their life even looking for a  
"report a cracked serial number user hacker 15 y/o Link"

the way i see it..

adobe could care less about people hackin their stuff

in the end.. EVERY ONE wants PSCS

why is that? cause every kid in the usa has hacked it and says

"omfg PSCS roxxors" so its free advertising on one hand

and there are kids and adults out there that do buy PSCS

ADBE - Annual Report

Sales - 1.7 Bil

Income - 479.3 Mil

and thats with everything adobe makes..

their way to busy doing their job making better products

then chasing shareware hackers
