my clan has never made it in any game. No, actually, Renegade is growing slightly.

Righhhhhhhhhht way to show confidence. Renegade growing? What gamea are you playing? I dont buy games anymore. I have very low amounts of spare money. And, Mephisto,(Excuse me if i call you "Meph," or "Mephistopholes," i play to much Diablo II, and Dungeons and Dragons.) this clan has span through a good two, three games now. Im trying to start it in Halo: PC, i once had it in StarCraft/Broodwar, and, albeit with only me in it STILL, Warcraft III/Frozen Throne. But, yeah, your right. No reason it should flop in Renegade, is there?
