Ok, i have a problem. I have configured brenbot to the irc,
i started brenbot.exe, and it says it got disconnected from mIRC? And my server keeps doing this:
Creating Game channel....
Failed to create channel
Retrying channel create

What is going on? can someone help me? is it something wrong with brenbot or my settings for
server? im new to this please help me!!!!!!!!!

Also, in irc, although i created a bot, nothing is working... BRenbot keeps saying it got
disconnected...
