demon|gw wrote on Sat, 30 July 2005 17:04ppl that dont get out enough (who cant actually admit that) who just sit on their ass all day b4 and after work (even if they have a jeb, hell with that, they probly work on pcs too!) then come to the ppl who enjoy 1 1/2 hours on a pc a day to play ren and have fun, ban them and sit there and act cool, id love to meet some of these ppl in real life.

Awww... what a shame. I actually was going to remove the ban. Now I think you'll have to wait a few more days for this little temper tantrum. It's me sitting on my ass at my "jeb" all day at my PC that allows me to pay for the servers that keep RenGuard up. But you probably wouldn't understand that, seeing as how your mommy and daddy still support your pathetic ass.
