50 went in it for the money. He was able to make a few good songs, but for the most part he made his own industry. G-Unit. G-Unit is very strong right now, with a lot of good people right under 50. Tony Yayo and now Mobb Deep. 50 is pretty much set for life, even when his popularity and the popularity of this style of music fades. He was, in my opinion, a very smart business man.
