The author of that work has been notified and is taking care of the problem. However, nopic, it is very wrong to steal other people's work and claim it as your own. Someone really needs to teach you a lesson in one way or another. You're a total blithering idiot. You need to grow up, do something on your own for once. I don't know how you can stay here on the forums and take the constant bashing from everyone. Do you not have any real friends? They way you act on these forums make me think you don't.

Grow up.
