erm i installed renegade today on the 25th and tryed to play on one of my clan serevrs (mulitplayer maps -- MP) laoded up renguard and i got this message

[17:06] Message from RenGuard: You have been banned by mac on 24.10.2005 14:13:13 for nans3000: Attempting to bypass RenGuard. Goodbye.

the fact i installed it today and got banned yesterday i havent had the gaem installed for teh past month as i have been having pc problems

wondering wot i can do to get this sorted.

thx.. MPDeToX
