hahahahah, lolol,

oww, a WoD guy failed to bypass RG although others have yet managed to do it? Aww, R0gu3, u r making WoD's reputation pretty bad with such failure... Why can't he come and post a reply himself to defend himself? And hmm, yeah, it must have been his cat who tried to bypass RG, R0gu3 wouldn't need to do it as he's banned on most servers for aggressive behaviour and flaming and using abusive language...

Heav, u r just so lame, WoD was now busted once and for all.
