I used a new name and went in using rengaurd and cheated, one hit kill. People tried to use force renguard on me and it said I was using renguard. They all got pissed and I just said, renguard is not unhackable you uber nubs. I don't cheat in games but I just wanted some people to know that renguard is not unhackable. This fee is stupid, renguard is stupid and I only use it so people stop bitching...
