I dont know if it's my server or its meant to be but when you get a flamer from the crate and its only got 300/300 my flamer got 0wnd within 5 secs from a BUGGY.. It was like 20hp per bullet it shot.. took 3 hits from a arty to destory it.

300/300 is the same as a light and a arty cant destory a light in 3 hits :\
