Subject: WTF i'm not a cheater!!! Posted by Dreadlord on Tue, 03 Jan 2006 19:11:02 GMT View Forum Message <> Reply to Message

I use Windows 2000, as you all know, normal work of RenGuard on my OS is a miracle. For some unknown reason, RenGuard worked now. I, as usual, connected the server and received this. I use standart game.exe which is created by RenGuard installation. but this stupid program thinks that ITS OWN GAME.EXE IS A CHEATER ONE!

I'm shocked... I hope this bastard didn't ban me for nothing =)
