SquiddleyWell, I'm waving a red flag in front of a bull now, but here goes...

I would like to see more "vulgar" swearing censored for a number of reasons. I think this thread has already exhibited ABUSE of the lack of a filter. I swear as much as the next person, but NOT in a message board. I have no problem with hearing or reading swearing when it's appropriate.

Now these boards are the official home of the Renegade forums, which has been sanctioned by Westwood. Seeing as the game has a rating, the boards should reflect that rating. Although such rating is only relevant (legally) in the USA (I believe), the spirit of any rating should be reflected in the official "home" for the boards.

I'm not a prude, far from it, but I honestly think that many parents would not be happy if their younger kids saw this much profanity. As a parent, uncle and godfather, I know young kids swear, but I'm disappointed to see it being actively encouraged in here. I'm nobody, but a supporter of the game and the community, and frankly I'm disappointed.

Please reconsider the lack of a filter.

Thanks.

This is the fuck thread, swearing is encouraged in this thread. If you're not old enough, or mature enough to handle it, than don't read this thread, it's as simple as that. We don't need the censors atm, the lack of censors is not being abused at all! (note: if swearing is allowed and encouraged in a single thread, and it's being used alot in just that thread (and almost nowhere else on the board), than it's not being abused at all.)
