Subject: AGT machine guns 'Out Of Line' Posted by CrazyBastard on Sat, 01 Apr 2006 16:54:02 GMT

The machine guns that hang off the AGT are out of line...anyone have any idea why this is? They are suspended in midair as pictured both at the back and at the front, so moving the controller forward a bit only makes the front ones hang out more...tried rotating the controller 90 degrees but that did nothing. Help?
