Subject: Ip address?
Posted by glenndavd on Mon, 01 May 2006 23:10:36 GMT

I'm having trouble accessing servers through my wireless connection, so I got a direct?? Ip conection thingy off CNCNZ.com??? I figure it may solve my trouble however it requires an IP address for direct connection to servers exe… Jelly, noobless so-forth how do I find the Ip's, is this a good thing or am I crazy any help appreciated
Thx
