Field 1v1 proves how good you are with a tank. And tanks are the most commone things to be used in Renegade. Your not going to win the game with a patch or a sydney.

But teamwork is a skill too. to be honest I think that if you put up the best 1v1 Ren players with eachother. That wouldn't mean that they would make the best team.

btw 3dperson ftw. But I like to play in 1st sometimes just because you can see the Gun and for a change.
