srry, found out you cant temp serversided
maybay: JFW_Change_Model_health
that should do the trick

I tried M00_GrantPowerup_Created and nothing happened.
Then you pretty much said it "cant temp serversided"

And the new script didnt work. Ive notice theres two.
One the characters... When you purchase them the armor goes from 100 to 0.

Unless i did it right:

Model: CnC_GDI_Grenadier_0_Secret
Health: 100.000
