Take the following quote as an example:

N1warhead wrote on Mon, 07 August 2006 14:19im gonna start working on the Infered T-vision right now just lettin you guys no.

This would be better:

CorrectionI'm going to start work on the "Infra-red T-Vision" right now. Just letting you guys know.

Now, doesn't that look alot better?

And you triple posted. There is an edit button you know.

you constantly correcting peoples grammar is really starting to get annoying.  
I know you didn't do it in this case, just meant all the other threads with all that possessive crap.
