Didn't think so. Meh, moot point now.

Can't wait to hear what else my little friend has to say about all of this. Or will he simply say, "Alright I admit that fl00d3d was not let go he did in fact leave me, he did not attack my server, and I had considered taking control of the nicks." or will he draw this out. I'm betting on the latter - but for his sake I hope he opts to confess and save any credibility he has left.
