UNRULES runs renguard, thats y i posted in this section called RENGUARD NETWORK BANS.

i didnt realize this wasnt a ban, tbh i never play in servers where morons use !forcerg, cept unrules.

i suppose i shuld have just came in here and asked politly what to do, but i was so pissed off when that happend because i made another nick to get in and the same damn guy forced me. and again and again and again. [BA]furrbarred i think, tbh he is a moron.

But i actually thank those that posted, i might have lerned something.
