Abstain. I don't tend to keep up with who's pissing who off at any given time. ACK has been the community's most controversial member for years now, but I've never been close enough to any of the flame wars to really have an opinion either way (or even to know who started what, for that matter). And, honestly, I just don't give enough of a shit to go reading through however many dozens of pages of people bitching at each other to find the who's and the how's of why this all started.

Remember, kiddies: voting for/against a ban because you like/don't like someone is petty and stupid. Don't bother voting unless you actually know (and care) what the fuck is going on.
