ACK can be a straight up dick, but then again - so can a lot of people (myself included). Years ago when there was a lot of drama going around about RenGuard ACK actually heard me out on AIM and got my perspective on things.

I think he's just someone who is "smart but don't care". Those types of people aren't exactly the most welcomed in gaming communities, but nonetheless if this is a TRUE democratic vote ... I vote 'no'. Hopefully my vote can be respected as "a vote".

Matix wrote on Wed, 04 October 2006 20:47 Why say we have hatred against you, if you voted yourself out? Personally, no one gives a shit about you, you could die right now, no one would care about you except your beloved family & friends. As "Moe" has mentioned, behind all is a good person, but behind aircraftkiller, is really an asscrackfiller. G?g ^^ This is coming from a 14 boy who runs a server admin'd by cheaters and steals other people's work. Matix = teh-pwnerer, owner of rencorner ... king of 'worthless piece of junk'. Seriously, kid - just stfu and find a new forum. If I had it my way, Crimson would ban you back to the stoneage for not only cheating, but because you steal so many people's identities and work. You're a thorn in the side of our community. Just die, pls.

"Crimson" Do not use this thread to discuss who else you think should be banned. Posts in this thread on other subjects will be relocated. If my last few statements crossed the line, please feel free to remove them. I just now noticed this quote. Sorry.
