Why would I want to add to my sarcasm? ESPECIALLY with something serious? Or "lol". What would be the point in that? Is someone going to read it and be like, "WELL, I GUESS THE EARTH IS GETTING UNNATURALLY HOTTER! MAYBE I SHOULD DO SOMETHING!" No, more like they'd go, "Meh, I don't care. In fact, I'll type something annoying purely for the enjoyment of being against someone."

Nobody would pay attention to or think about my two cents, so what would be the point? I mean, what does talking about political issues in a Renegade forum do for anything?
