i would like to know all the information regarding "proving" anyone who doesn't use regaurd is cheating. i didn't used to use rengaurd as i didn't know about it, and i didn't cheat.

so...this guy wasn't use rengaurd, it says in his post, "Yes, I obviously utilize renguard" meaning he was using it

and "I get fucken banned for using the !forcerg command." suggests he was kicked for using a server command. WTF?

the shit mods/admins need sacking.
