Acey#GW wrote on Sun, 29 October 2006 23:58We will need 2 ts. One for Wol and one for GSA.

I think Dan might be able to set the GSa team with a Ts.

City Fly and Field i think, both sides.
You can use TK2-TS (see our website) if wanted but you could also just have 2 different channels on one teamspeak server and password the channels?
