Subject: How to allow alternative models?

I have some models ripped from C&C\_Ruins0X in my model database and I must say I like Slash0X medium tank model. I want to use it instead of the normal model, but renguard does not allow me to and says its a cheat. How and where can I allow it?

Please don't say Renguard IRC channel, cause I tried that multiple times and noone, not even the development team seems to help me allow that model.

Here is the model i'm talking about.
