Man this is fricken hilarious. Tyler you're an idiot to even posts this in the first place. This is the last place you wanna post advertising to anything YOU specifically run.

This topic is hilarious. Youngs kids fighting with each other. Your both is just as bad as the other. But tbh, I would have to say Matix has more common sense than Tyler.

Tyler how many communities have you tried. WAIT MATIX ANSWERED IT:

Quote:Ok fine..

Middle, AKA SeXy, AKA Sh0ck, AKA krazyrabbit, AKA Tyler

You have created litterally 100's of clans / communities that all died within a week. Your lucky DubServ's managed to live this long. You think you know everything, and quite frankly, you need to die in a hole real quick.

I'm guessing you both are fighting again considering I saw this.

[23:39:10] <Middle> !del Matix

[23:39:10] <DubServ1> Matix has been removed from Administrator group.

[23:39:12] <DubServ1> 08 DENNISTHE : i stood still 4 u

[23:39:17] <Middle> !add Middleman 4

[23:39:17] <DubServ1> Middleman has been added to Server Owner group.

Tyler you try every single time just to aim for power. I don't know whether your brain dead, stupid, or just a dumbass daring 14 year old trying to make a name for himself. Just like you tried to offer me recently to give you admin if you host a server for our clan? You fucked up more times than what Bill Gates makes and you want me to give you Admin to a community that's worked their ass off for 2 years?

Seriously Tyler give it up already. People told you a million times. You've lied, stolen, committed fraud? What else? Not to mention attempted to access Matix's user info without permission or consent, basically forcing your way into someone elses stuff.

Quote:Your just one of the people trying to be as successful as fl00d3d.

Matix you're on a roll. You're right again.

F100d3d, I was suprised when I saw that RU-CTF channel. I was like WTF ARE YOU THINKING D00D!!!??? It's TYLER HELLO!?

And Crimson, I was wondering why you linked your hub with Tyler's. That must of been the dumbest thing I ever saw done to an IRC. AND ROFL AT THOSE NETSPLITS.

Tyler, why you gotta lie? The money comes from your rich dad. I known you for 5 years (over the net of course), but I talked with Duffy back then on where you get your money from.

You keep saying you want my respect, but you're never gonna get it not after these 4-5 years of fuck ups and bs you tossed around. You wanted to make a name for yourself, good job cause you did. You're known as the retarded kid who failed countless times on communities and even fucked up other people's communities.

You think you know how to run servers, but you don't. You throw insults at people for what they don't know, but you don't even know half the things you diss them for not knowing. You practically copied and pasted your way through life.

And please stop ripping everything I do? Seriously, it gets old... I mean literally, REAL OLD... You even rip channel topics of mine. Seriously... How low can you get. MAKE YOUR OWN. I still got those logs with you begging to me for forgiveness and how you wish you were like me last year. Funny shit tbh. There's only room for one Xpert Maverick plx. No copy cats.
