Umm, are u talking about the 3rd game that we played on mesa which if u wouldn't have left the game after I placed my c4 on the ob and layed an ion at the ref, yeah, I won that one.

edit: you did bet me 1 game after I rapedd your base except for barr, and I got cocky and was messing around which lead to you winning the map, but me still ahead by 500+ points, so call that a  
a  
vicctory if you want....

Umm, and as far as I know, if u destroy a base then u win, even if the other person has more points than u. BUT.....I said that u pretty much beat me and then started screwing around and I ended up killing your base. But, u have it all wrong, cause u took out my bar and ref, leaving me the wf. Do I really need to remind u?

So we played 3 games now. The 1st, like I said, u beat me but we never stopped playing and I ended up winning. So we'll give that one to u. +1 Troop. The 2nd was the game we really weren't supposed to play but we did anyway. U quit right after I took out your wf. Remember, u bought an apc and rushed with engi so I got a tech and hid in hand till u jumped out of it and ran into strip? +1 Ballstein The 3rd game....see above. +1 Ballstein

That equals +1 for me, thanks.
