Hi pal,

I think your answers would be:

1a: Consider that shooting directly at an enemy, that is in motion (sideways), results in misses, try aiming a bit in front of them.

1b: LAG

2: Probably snipers aiming at your head.

3a: mines/c4!

3b: Probably snipers.

Solution :

keep practicing with aiming (at moving targets),

keep your eyes open for mines or c4,

find good cover spots,

so don't wonder off in an open field,

or the snipers will consider u target practice.

well HTH

peace
