hi!well my project for those who ask me to tell more about my project...It is for singleplayer, turning the player to fight with Nod instead of GDI...,if possible..turning the player(Havoc)into maybeMendoza or a officer...or we could just change the color of GDI's Shotgun Trooper into red colour(NOD)and please give me more ideas..One last request,Where can I find modding tools?Thank you

TECHNO

P.S. Please write if you would like to help and i may not reply your posts so fast...(classified reason )Cheers!
