Actually that is what happens most of the time... You can't go and give everyone in Africa a check... Not only are there no check cashing places in many parts of Africa, there are no stores to buy the items required in. You have to give it to the government or an organization. This is exactly why China stopped giving aid to North Korea. Monetary aid that is. Kim Jong Il spent all the Chinese aid money on Golden statues of himself. This really pissed China off so they stopped giving him money.

Donate to Africa, buy a warlord a Maybach. Or maybe a nice old classic car like in Sahara.
