So yeah, and it's not an "internet language."

HTML is a mark up language (hyper text markup language) and yeah like everyone else said blah blah blah get a blog it's not a programming language

<circle jerk and further trolling with everyone>

wow you have some RLY RLY BIG ISSUES, like the guy is proud of something hes learning, and all your trying to do is making him feel like an idiot.

I don't think you quite got the nature of my post.
