Blazer!!!!..... u gotta convince crimmy to go with u, it is NOT a kids movie. Its rated M over here in australia.

It has alot of halarious jokes, alot of which are adult humour.

Though there is no blood, there is alot of explosions and destruction. You do see a guy get stabbed thru. The sound is awesome in the movie.

Blazer, maybe u should blind fold crimmy, tell her your have a surprise, and take her to the moviie

.

Seriously crimmy if you read this, u gotta see this movie it is FRIGGIN AWESOME.
