trooprm02 wrote on Wed, 01 August 2007 09:54Niether. AMD has already outshot the core 2 duo cpu's with semi-old models. I recently built myself a new comp too, and its not worth the \$\$ to get a shitty cpu. Mine is the AMD Athlon 64 4000+ @ 2.5Ghz, out benchmarks most dual core cpu's, so got new mobo and took it.

You don't have any fucking idea what you're talking about so shut up.
