since u cant use commands like !bl without having renguard, i decided to post in this forum hoping
its the right place to post in

my question is,
where can i find a list of commands that i can use while playing online coz all i know is !bl and
!unbind, i see other ppl typing in other commands but i dont kno wht they do, nd i also tried
looking at server sites and cudnt find anything
can u plz help me know these other commands and their functions
thnx
