I took the wiki offline until I can sort it, upgrade it, and change up the permissions so not everyone can make those kinds of changes. Isn't it pathetic how someone can take a project that has been a whole community effort and deface it like that?
Make it so that logged members can edit it   Most people have an account anyway...so it will only be a problem for those retards who did this. (IP log ftw!)

When she changes it, I wanna be a person who can Edit.
I sat there for over an hour trying to block him
