I hope you got screwed moron, Best Buy always has better computers and better deals. lol? And the worst customer service?

Ever think maybe you're the moron who wants to return something 2 months outside of the return policy and say "I never opened it why can't I retun it." Then you complain and yell and whine and say "I'm never going to shop here again!" and you're back to weeks later.

I never understood how stupid people could be until I started working there. I mean, this forum gave me a good idea, but really.

Actually they are the people who takes returns on FAULTY items AND charges you a return fee. (WTF?) Maybe it's only in Ottawa.
