AoBfrost wrote on Wed, 29 August 2007 05:292 months ago i asked the same question, and everyone told me my nick/pass/serial was wrong and it wasnt, FINALLY goztow responds to the same question and it worked for me too, thank you goztow.
It's the same error so it was a bit hard to recognise. Thing is that xwis recently changed its server ip, making it for people that previously used their little xwis tool impossible to connect now.
