Xtrm2MattMadtoneif she gets the IP, i hope she gives me the IP, i would have great fun paying back all the hours of time i have missed RenForums and n00bstories....

Just gimme that IP and i will unleash hell!!!!!!

I'll give you my IP and i'll see what your capable of doing (properly nothing compared to me)

Ok, im going to say a few things....

I used to be a network security guy, so these kinda things were my job...

I have helped crimson on the last DoS attack on a guy (only me + crimson and blazer know what i did, unless they told other peeps)

I have also tried helping Blazer on the current DoS attacks and i did something to the wrong guy (opps!)

thats it, no more is needed to be said
